

Integrated **safety** solutions

Get your new safety strategy in place now...why take the risk?

Don't wait until it is too late or risk potential legal claims.

The financial and social implications of not complying with Occupational Health and Safety legislation can be devastating to your business:

- Legal penalties and prosecutions from statutory authorities
- Increase in workers compensation premiums
- Loss of goodwill
- Increase in employee turnover
- Decrease in productivity

Why take the risk, let Safetynet Management Solutions fulfill all your Integrated OHS training and consultancy needs to ensure a safe and healthy working environment.

About Safetynet Management Solutions

Safetynet Management Solutions Pty Ltd offers:

- National OHS Consultancy Services
- Nationally Accredited OHS competency based training

All our services are made specific to legislative and industry requirements, across a diverse range of industries.

Our learning facilitators and consultants possess outstanding academic credentials, professional accreditation membership and industry experience within the OHS environment.

Some of the industries we have worked with:

- Rail
- Health Care (Hospital and Day Care)
- Construction
- Disability Services
- Government (local and state)
- Manufacturing
- Hospitality
- Corporate
- Retail
- Information Technology

Safetynet Management Solutions has the expertise to manage your complete integrated safety requirements.

Client Feedback

"Safetynet Management Solutions have worked with us to develop an RTO Partnership which allows us to train our employees at our own pace, while providing our own trainers with valuable experience. Working with Safetynet is easy – they are professional, knowledgeable and friendly. Our experience has ranged from tailor made OHS awareness training to Advanced Diploma level. The calibre and quality of training and delivery have been consistently high. I would recommend them to any professional organisation without any hesitation whatsoever."

Catriona Scott
Manager Safety and Compliance
The Silverton Tramway Co. Ltd

"We have engaged Safetynet Management Solutions on a number of occasions and they have the amazing ability to present, what could be a very dry subject in a stimulating, fun and informative manner. Our member's volunteer attendance to training programs with enthusiasm and leave with enhanced knowledge and great implementation ideas. Safetynet Management Solutions is certainly our number one choice when it comes to anything regarding Occupational Health and Safety also known in the Hospital world as "Risk Management".

Susie Davison
Private Hospital and Day Surgery
Centre Benchmarking Groups Co-ordinator

Consultancy Services

We appreciate that not all organisations have the specialist OHS personnel to develop Integrated OHS Management Systems needed to manage risk. Let Safetynet Management Solutions offer affordable solutions to meet your compliance needs.

Course Development

Safetynet Management Solutions specialises in Occupational Health and Safety. All our course developers have industry, vocational, post-graduate and professional safety accreditation membership.

We can develop course materials specific to your organisation needs, designed for your trainers and participants.

All course content and resources are designed around current statutory, non statutory sources of legislation and nationally accredited units of competency.

Training Services

Safetynet Management Solutions is a unique Registered Training Organisation. We can offer flexible training solutions through attendance at our general public courses, commercial workplace training or flexible distance delivery methods. Our training solutions are designed to fit in with your busy work and lifestyle.

In an environment of ever changing industrial relations and OHS legislation, employees may be put in a position where they have to prove their competency in a legal situation. Safetynet Management Solutions only offers National Accredited and Recognised Occupational Health and Safety training. Why take the risk?

Safetynet has a variety of courses to meet your integrated training needs. We can even customise courses to meet your organisational needs.
